

Fragment

OnMapReadyCallback

pt.lsts.asa.fragments.GmapFragment

```
classDiagram
    class Fragment
    class OnMapReadyCallback
    class GmapFragment["pt.lsts.asa.fragments.GmapFragment"]
    GmapFragment --|> Fragment
    GmapFragment --|> OnMapReadyCallback
```

The diagram illustrates a generalization relationship. At the bottom, a box labeled 'pt.lsts.asa.fragments.GmapFragment' has two vertical lines extending upwards. These lines connect to a horizontal line that branches into two arrows, each pointing upwards to one of the boxes above: 'Fragment' on the left and 'OnMapReadyCallback' on the right.
